

Our classic 2-stroke engine technology is the driving force behind two of our most reliable trimmer and brushcutter lines. With 1.5 horsepower each, the T270 trimmer has enough power for any lawn care professional

**T270**

Dry weight*	12.3 lbs. (5.6 kg)
Displacement	1.7 cu. in. (27.2 cc)
Output	1.5 hp (1.1 kW) @ 7500 rpm
Fuel tank capacity	22.7 oz. (670 ml)

Designed to Shindaiwa's high standards of excellence, the new T242 straight shaft trimmer is the latest innovation from Shindaiwa. The Shindaiwa T242 is built using advanced technology, close tolerance manufacturing and unsurpassed workmanship that is the hallmark of all Shindaiwa equipment.

**T242X**

Dry weight*	11.35 lbs. (5.14 kg)
Displacement	1.5 cu. in. (23.9 cc)
Output	1.1 hp (0.8 kW) @ 8000 rpm
Fuel Tank capacity	22.7 oz. (670 ml)

The T222 straight shaft units are designed especially for the prosumer market. The high-torque 222-series has all the power and performance of a professional model and some of the same features but at a lower price!

**T222**

Net weight	10.8 lbs. (4.9kg)
Tank capacity	21.0 oz. (620 ml)
Displacement	23.9cc
Output	1.1 hp (0.8kW)

The Shindaiwa M242 is a whole tool chest that works off one power head. The split boom and positive coupler design of the M242 allows for quick and easy changing of eight different attachments.

**M242**

Displacement	1.5 in. (23.9 cc)
Output	1.1 hp (0.8 kW) @ 8000 rpm
Dry weight*	9.3 lbs. (4.2 kg)
Carburetor	Walbro with primer
Fuel Tank Capacity	22.3 oz. (670 ml)
